Opeyemi Ogunsanya

Full stack Web developer | Python Programmer | Electronics Engineer
| Arduino programmer

Lagos State, Nigeria

Summary

Hi I'm Opeyemi Ogunsanya a determined Software Engineer with experience and a student in Electrical/Electronics Engineering. I have impacted in so many lives in the line of Software Engineering, Various tech stack used: Python, JavaScript, React.Js

I've also been part of several teams to push great content to the public. I enjoyed bridging the gap between engineering and design to create beautiful results from the design.
